 2. What are the immediate application points?

DEEPER DISCUSSION

1. Paul Johnson spoke about the work of "empowerment" in his work with the tribes in the Amazon. How have you been blessed by people who empowered you in your life?
2. What is the difference between charity and empowerment? How is this applicable to missions?
3. The word "Imagination" means the ability to believe, to suppose, to form an image of, to picture in the mind, to envision. What types of ministry opportunities has God given you a vision for in our church/community? What would it take to seem them achieved?
4. Paul reminded us that our job isn't over until we've trained our replacements. Who are you working to disciple or mentor or empower? What can you do to help them prepare for what God is calling them to do?
5. Discuss the possibility of partnering with tribal churches in the Amazon. Do you think the Lord is leading our church to take that step?
6. Pray together as a group about whether our church should move forward with a more involved partnership with Amazon Focus.
